PROFESSIONAL SUMMARY

Customer Support and Operations Support professional with 2+ years of experience providing administrative assistance to a Virtual Assistant role in high-volume remote environments. Proven track record managing 60+ daily client interactions with 98% first contact resolution and 99% customer satisfaction using CRM systems like Salesforce. Experienced in QA implementation, troubleshooting, data migration, and remote workflow documentation. Skilled in remote communication with a strong ability to manage tasks independently across multiple time zones.

KEY SKILLS

Technical troubleshooting | Customer Support (Chat & Email) | Operations Support | Adobe Photoshop | Adobe Premiere Pro | Video Editing | Microsoft Office | Data Entry & Documentation | Troubleshooting & Debugging | Remote | Google Workspace | Communication | Time Management | CRM tools | Calendar & Task Management

PROFESSIONAL EXPERIENCE

Associate-CS Internet (Spotify)

Sutherland Global Services, Philippines | September 2025 – April 2026

- Managed high-volume client communications (60+ daily via chat/email), ensuring timely responses and organized tracking of inquiries
- Maintained 98% first contact resolution and 99% CSAT through efficient issue handling and clear communication
- Documented and tracked all interactions in CRM systems, improving case visibility and follow-up efficiency
- Troubleshot billing and account issues, reducing repeat inquiries and improving customer retention

Field QA Implementer

ActionLabs IT Services Phils. Corp., Philippines | July 2024 – March 2025

- Coordinated system implementation projects, including scheduling, data migration, and QA validation
- Documented standard operating procedures (SOPs) to support system implementation and onboarding
- Provided real-time operational support during deployments, ensuring smooth transitions
- Trained on-site staff on new systems and workflows, achieving 100% adoption rate.
- Resolved technical issues during rollout, ensuring smooth system transition with zero major disruptions.

Video Editor / Multimedia Intern

Galing Pook, Quezon City, Philippines | January 2024 – March 2024

- Edited video content using Adobe Premiere Pro, delivering polished outputs ahead of deadlines.
- Produced motion graphics and enhanced audio for digital content, improving viewer engagement.
- Organized and maintained media files with 100% data accuracy across project folders.

Laravel Developer & Debugger Intern

Galing Pook, Quezon City, Philippines | January 2023 – March 2023

- Debugged and optimized Laravel-based applications for the Tolosa Health System project.
- Identified and resolved software issues, improving system performance and stability.
- Collaborated with developers to test and refine application features before deployment.
